# ANSWERS

# ROOKIE LIFEGUARD

| Family | Time  | Blanket | No |
|--------|-------|---------|----|
| Benson | 8:00  | Blue    | 4  |
| Kendal | 7:00  | Green   | 5  |
| Ridley | 10:00 | Yellow  | 6  |
| Thorpe | 9:00  | White   | 3  |

## BLANKETS ON THE BEACH

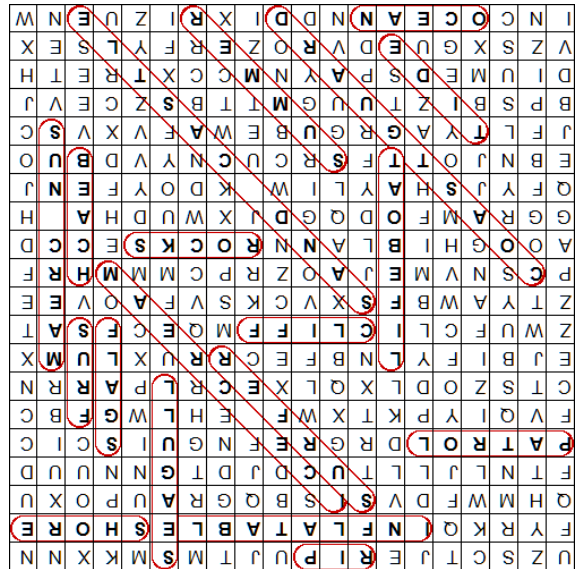

4 octopuses contribute 4 x 8 = 32 arms. That leaves 38 – 32 = 6 arms for the mermaids. There must be 3 mermaids.

## BEACH WATER SAFETY

Fish don't have arms so the arms come from the octopuses and the mermaids. All of the creatures have two eyes and since there are 24 eyes there must be 12 creatures. Octopuses don't have tails so there are 8 fish and mermaids.

Therefore, there are 12 creatures, 8 of which are fish and mermaids, and 12 – 8 = 4 octopuses.
